

SHARING YOUR STORY WITH LAW ENFORCEMENT

BECOME A SPEAKER

NAMI Massachusetts works with police departments across the state as part of the Crisis Intervention Team (CIT) program. Through collaborative community partnerships and intensive training, CIT improves communication, identifies mental health resources for those in crisis, and ensures officer and community safety. Our presentation program, Sharing Your Story with Law Enforcement is an important part of this work.

People with lived experience of mental health or substance use conditions and family members of people who have experienced mental health or substance use challenges share their stories, including their interactions with law enforcement. Speakers present their stories to police departments to help police officers respond effectively and compassionately to individuals in crisis.
